

Facial Contouring

After using your foundation all over, before it dries, quickly take one shade darker to contour, and one shade lighter to highlight.

- Use loose powder all over.
- Use one shade lighter powder in the highlight areas
- Use Bronze Sands or Burnished Bronze blusher to contour by first applying to cheeks as blusher, then going up and down in the contour areas.

- 1) Highlighter
- 2) Midtone
- 3) Accent

Eye Colors To Contour

- Use highlighter color under brow and on lid
- Use mid tone color in crease
- Use contour color along lashline and up onto crease.
- Press accent and highlighter color under lower lashes.
