

How to Open and Get Product Out of our new TW Repair Day and Night Containers!

Simply pull off the frosted pink cap, place your fingers in the indented areas on top of the jar and PRESS a several times to prime the airless pump. The product will be dispensed into the small receptacle on top. There's no need to twist off the top and dip into the product – it will be delivered right to your fingertips!

Volu-Firm™ Lifting Serum

This sleek bottle offers the same easy product delivery. Pull off the cap, PRESS the top to prime the airless pump and dispense the product to your fingertips!
