

BE HER HERO

This Valentine's Day!

"Tower of Love"

A delightful set of 9 pampering gifts to be opened one at a time . . .or all together. Each gift is adorned with a card that spells out the words I-L-O-V-E-Y-O-U!

For example - the "O" in Love reads: "O is for Ovarations. I'm hoping for a few, especially if this present finds favor with you!" When all the gifts are opened, the last card reads - "Put them all together, each present in a line, and you'll see they spell I Love You. Will you be my Valentine?"

This is such a fun, romantic gift and can be customized to include flowers, candy or other personal gift items. Also available in a gorgeous, decorated, gift basket. Prices start at \$100.

Enclosed with the card will be a gift certificate ranging from \$25 - \$300, which she will spend at her personal pampering session.
